Raising funds for your team to help with equipment or costs

You can fundraise for your team, whether it's for equipment or to help with costs. Selling popcorn, raffle tickets, car wash, etc. is all possible if it gets approved by the board and a team coordinator is identified. In fact, we are here to help you promote your fundraiser, on our site and socials. 10u Garcia just finished a successful basket raffle and the 14u is currently doing a popcorn fundraiser, \$10 a bag. Contact one of the 14u coaches or parents for more information.

In front of 99 cent store

The organization is starting two of our big fundraisers. We are selling fireworks for the 4th of July celebration. Our stand is located on Jensen Avenue, near Bethel Avenue intersection, between the 99 Cent Store and Carl's Jr. We've asked each player to sell five \$10 pre-sale tickets to draw traffic to our stand. We get half of the retail price on all items. Our goal is to clear \$2,500 after all sales, fees, and permits are paid for. The tentative plan for the fundraised money is as follows: pay off any outstanding organization debt, create a cushion to be used in an emergency for the organization account, divide remaining money amongst the teams evenly, and pay for our hosting site for the Fall Banquet. There will be a full fundraiser report to show the incoming and outgoing money.

We have also started taking registrations, payments, donations, and contributions for our 2nd Annual Warriors Golf Tournament. You can contact Nate Rodriguez 559-519-0795 or please visit www.SangerWarriors.com/Golf for more information. More details coming in the following weeks.

Hometown hero returns to help the area youth

Current Fresno State Bulldogs starting shortstop and former Sanger Apaches star Vanessa Hernandez returned this past month to host a workout for our local travel players. Vanessa and two of her friends, Julianna Martinez of Fresno State University and Anni Raley from the University of Nebraska, hosted a two-hour long workout that focused on hitting, fielding, pitching, and catching. The beloved local star and friends were freely sharing tips, experiences, and fielding questions from girls ages 8u to 14u. The young players were absorbing everything they could from all three of the former area high school stars, now playing college ball. It was a truly unique opportunity for the girls and something we look forward to doing in the future. Follow us on Facebook or Instagram for information about the next one and other upcoming events.

Warrior Girl!

Welcome to our Financial Layout for the month of July. We are at approximately 40% of our required organization balance required. For a more detailed breakdown or an explanation of terms, contact a board member. The Financial Layout will be included in every monthly newsletter.

Thank you for your patience and cooperation as we build to make this a wonderful place to be. This newsletter and financial layout spawned from your suggestions and we hope that you continue to be involved. Thank you!
